

Smart Accounting Assistant

Simplified Bookkeeping for Small Businesses

Solafide Accounting helps small and medium-sized businesses automate their daily bookkeeping. Enter transactions using plain English or French, and generate reports instantly. Ideal for business owners with limited accounting knowledge.

Key Features

- Simple transaction entry in plain language (English/French)
- Instant ledger and balance updates
- Built-in OHADA chart of accounts
- Real-time dashboards and profit tracking
- Smart categorization of income and expenses
- Automatic daily backups and secure cloud access

Why Choose This

- No accounting background needed
- Avoid costly bookkeeping errors
- Track your business performance in real time
- Focus on running your business, not on paperwork
